Microsoft Dynamics® CRM

Experience

Adxstudio Inc.

Senior Developer

2007–2013

- Lead product development team, participating in design, development, and support of Adxstudio software products.
- Part of core development team for Adxstudio CRM Toolkit (now Adxstudio Portals), parts of which were acquired by Microsoft and integrated into the Dynamics CRM 2011 SDK.
- Developed key Adxstudio Portals features, including content management, search, blogs, and forums.
- Provided ongoing maintenance of the CRM SDK portal framework, working with the Microsoft CRM team.
- Provided on-site developer training for Adxstudio clients.

Developer

2004–2007

- Provided development services and hosting support to a variety of Adxstudio clients.
 - Developed custom extensions to Adxstudio CMS for client projects.
-

Education

University of Regina – Regina, Saskatchewan, Canada
